Memorial Site Still A Hot Subject

Jeff Grads Make Good At Univ. of California

Jefferson Union High school graduates who have entered the University of California have made good, according to a recent report from the university's office of relations with schools.

During the school year of 1943-44 the four entering students from the Daly City school all secured grade averages above "C." For a five year period only 19 per cent of Jefferson's entering students at California failed to make a "C" average. This compares with 30 per cent for students from all high schools.

The information released by the university is for the guidance of high school faculties. While only a small number of graduates do go on to the university, it is important that these few be properly prepared.

"Success of students in the university is not the sole measure of a school," one high school administrator recently said. "However," he added, "it is one definite item by which we can check our standards of work."

County Taxes Show Big Increase For The 1945-46 Period

San Mateo county's tax rate for general purposes for 1945-46 is $1.3561, up 20.76 cents from the $1.1485 rate for 1944-45, but up 28.5 cents from the 1940-41 pre-war rate of $1.0711 per $100 of assessed value, California Taxpayers' association said today, making public its analysis of trends of county tax rates for general county purposes during the war years.

For 1941-42, the county general purposes tax rate was $1.2335 per $100 of valuation. For 1942-43 it was $1.0554 and for 1943-44 $1.07.

Forty-one California counties show increases in county tax rates for general purposes for the current, 1945-46, fiscal year, the Taxpayers' organization found. Eleven counties made reductions in rate this year and six showed no change. The 11 counties where the general county tax rate went down were: Contra Costa, Del Norte, Inyo, Lake, Modoc, Monterey, Nevada, Sacramento, Santa Cruz, Siskiyou, and Yolo.

In 12 California counties, tax rates for general county purposes for 1945-46 are at their high for the six-year period 1940-41 to 1945-46. These counties include: Alpine, El Dorado, Imperial, Kings, Merced, San Francisco city and county, San Mateo, Solano, Sonoma, Stanislaus, Tulare, and Tuolumne.

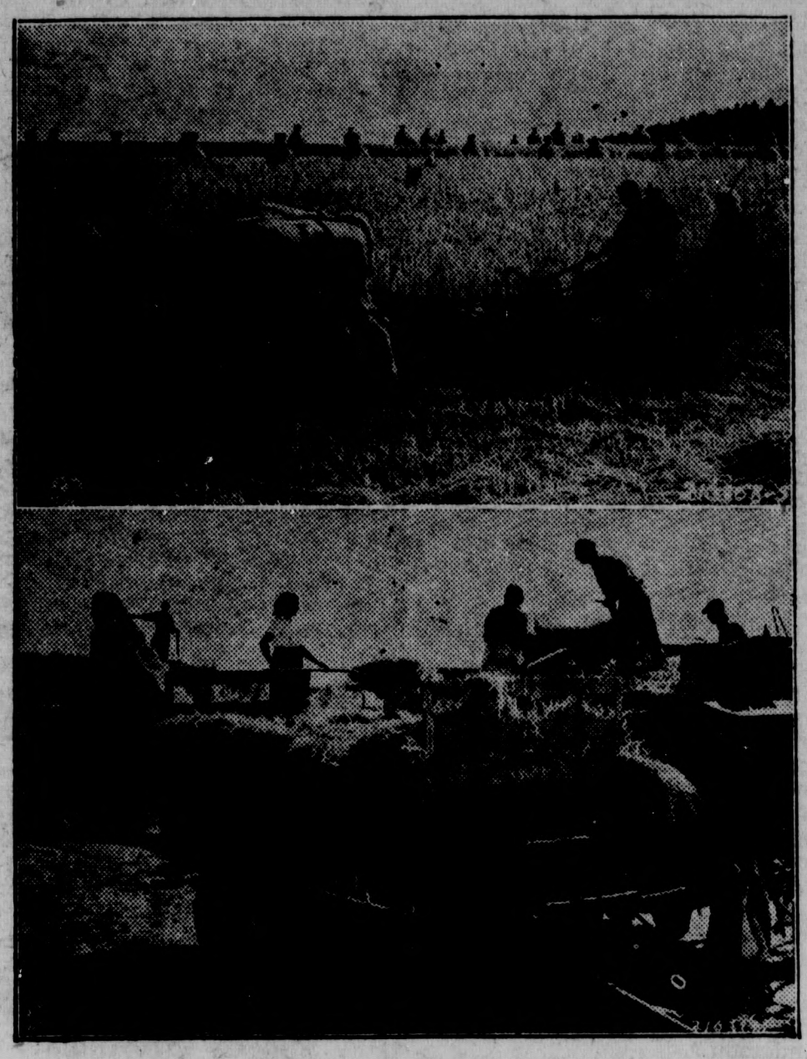

In four the 1945-46 rates are at their low for the six years. These include: Monterey, Nevada, Sacramento, and Siskiyou.

"One of the primary causes of increased budgets for 1945-46 is the provision of funds for capital outlay and postwar building purposes," the Taxpayers' association said. "Generally speaking, the expenditure programs of the counties are greater this year than last, reflected in increases in tax rates of 41 of California's 58 counties. Enlarged spending programs will bear watching by the people all through the year."

Jeff Hi P.T.A. Meets October 16

Mrs. Eloise Harrison, publicity chairman of Jefferson High PTA, states that the special evening meeting to which all mothers and fathers are invited, will be held Tuesday, October 16 and not as stated in the Record last week.

This is to be a joint meeting of all the PTA's that are affiliated with Jefferson Union High school.

Released by U. S. War Department, Bureau of Public Relations.

GERMANS RUSH POST-WAR HARVEST—Above, in the absence of power machinery, this farmer and his wife utilize a team of cows to draw their antiquated reaper at Honad, Germany. Below, German farmhands, including old men, boys, women and discharged soldiers, at work on a threshing machine handling the first post-war harvest.

President Asks All To Assist The War Chest

"Finish the job!" That was the appeal made recently by our commander in chief, President Truman, speaking on behalf of the War Chest, which needs your help to assist:

1—Men in the service.
2—Needy at home.
3—War-stricken allies.

The Daly City quota is only $4,000; surely that amount can be met in a community that has a population of over 10,000.

'Secret Pals' Was Highlight of Y. L. I. Meeting

Revelations of "Secret Pals" was the highlight of the regular meeting of Emydian Institute No. 154, YLI held Tuesday, September 25, at Holy Angels hall.

There was much excitement and many surprises as each pal was revealed. New pals were picked for the coming year.

Mr. Anderson of the San Mateo County War Chest gave an interesting talk to the members.

Marie Mulvany was the new member initiated.

Elsie Belli was appointed chairman of the cake booth committee for the coming parish bazaar to be held November 17, in Colombo hall. She is to be assisted by Louise Olcese, Rene Guisti, Betty O'Keefe and Lois Vanetti.

September birthdays of Susie Grazini, Lillian Ciardelli, Irene Garibaldi and Angie Varni were celebrated.

Delicious refreshments were served following the meeting.

Hear From Son

Mr. and Mrs. John McHugh, 774 Bellevue avenue recently received a letter from their son Private Warren F. McHugh, USMC in which he states that for the first time, in his three years of service, movies have been shown aboard ship.

Frank Rehe Brings Home the Bacon

Frank Rehe of Frank's Union Super Service station left Monday, September 24 for Lake county to do a little deer hunting.

The trip proved to be a successful one as can be evidenced by the 100 pound buck on display in Milo's Market.

Robert Clark Receives Many Navy Citations

Aboard the USS San Francisco in the Far Western Pacific—Robert D. Clark, Chief Watertender, USN, of Daly City, California, who served aboard this famed heavy cruiser in all her actions from the outset of the war to her last one at Okinawa, collected a total of five service ribbons and 20 battle stars in three years, eight months of Pacific warfare.

He participated in 15 major operations, two surface engagements and numerous air-sea battles in his tour of duty with the Third, Fifth and Seventh Fleets. He saw action in the attack at Pearl Harbor, in Pacific raids at Bougainville and Salamaua, in amphibious assaults at Tulagi and Guadalcanal, in the battles of Cape Esperance and Guadalcanal, in the Aleutians, at Wake Island, in the Gilberts, the Marshalls, the Carolines, at New Guinea, in the Marianas, the Philippines, off the coasts of China and Japan, and at Iwo Jima and Okinawa.

He was awarded 17 bronze stars on the Asiatic-Pacific campaign bar, the Presidential Unit citation with a blue star, one bronze star on the Philippine Liberation ribbon, one bronze star on the American defense stripe, and also the American area ribbon. The Presidential unit citation was presented to his and his gallant shipmates after the San Francisco's heroic action against heavy odds in the battle of Guadalcanal on the night of November 12-13, 1942.

Chief Clark entered the Navy in August, 1938, and was assigned to the San Francisco in November of that year. He makes his home with his sister Mrs. Pearl Caine, at 393 Bellevue avenue, Daly City.

Further Study Required Before Council Can Recommend Quarry Site For Project

With all members of the city council present Mayor A. J. Gaggero called to order a meeting with the memorial site committee Wednesday evening, October 3. The mayor stated that the city council is ready to take a one year option on the proposed quarry site in order to investigate costs, title, financing and if site would qualify for state appropriations.

Although there is $160,000 in the city's general fund it was questioned whether the council would have the right to make an appropriation of $100,000 from said fund without the consent of the voters—in other words it would take a bond issue to finance said site purchase.

Several other sites were mentioned at the meeting but nothing was done concerning these at this meeting. If present proposed site will not qualify for a portion of a state money grant one of these others will have to be considered.

Developments so far point to further discussion on the subject at the next meeting to be held Wednesday evening, October 10, in the council chambers at the city hall. All interested parties are cordially invited to attend.

(Editors Note: As the present proposition stands it will put an unbearable burden on the taxpayers (approximately $800,000) just to purchase and condition the proposed site. Then it will be necessary to finance a building, without which the site would be utterly useless, and that will call for considerable funds. What's wrong with the idea of putting more into the building and much less into a site?)

Loren Critzer To Address Lions

Loren Critzer, governor of District No. 4 of the Lions' club organization will be the guest speaker at the Daly City-Colma Lions' club luncheon on Wednesday, October 10. He will discuss the progress of the district.

Enjoy Dinner At Camp Boy Joy

Mr. and Mrs. Dan Severietti, 86 Hillcrest drive and Mr. and Mrs. Roy Bjerke, 1123 Brunswick street motored out to Camp Boy-Joy Saturday afternoon, September 29 and enjoyed a 6 o'clock dinner consisting of baked beans, hot dogs, coffee and ginger bread which had been cooked over a camp fire.

The following boys of Den No. 6, Cub Pack No. 141 preceded Den Mother Mrs. Severietti by hiking to the camp: Walter Bjerke, Floyd Leonard, Ronald Christensen, James Stevens, Irvin Atwood, Wayne Dillaboy, Kenneth Allen, Allan Colley, Ralph Wallace and another visitor, Betty Lou Ferrell.

Bible Conference At Calvary Baptist

A Bible conference with the timely theme of "Better Christian Living" will be conducted at the Calvary Baptist church, Mission and Morse streets, Sunday, October 7, through October 12, by Dr. Norman B. Harrison, noted Christian author and Bible teacher. The public is invited to all of these meetings.

Elmo J. Viotti Is With Seabees In Western Pacific

At a Western Pacific Base—Elmo J. Viotti, 33, carpenter's mate, first class, USNR, whose wife, Marie, lives at 235 Irvington street, Daly City, is an architectural draftsman with a Seabee unit here.

The Seabees are erecting a housing project to resettle natives dislocated by the war, under the direction of American Military Government authorities.

The Lundgrens Move to Calistoga

On Monday, October 1 Mr. and Mrs. Gus Lundgren, 250 Santa Barbara avenue left Daly City to branch out into an entirely new field of endeavor.

For a number of years, with the exception of the last six or seven months they were the proprietors of Lundgren's grocery store at 100 Los Olivos avenue.

Recently they purchased an 11 unit auto court on Washington street in Calistoga, in the vicinity of the various health baths this city is known for.

Their son Roy did not accompany them as he joined the Merchant Marines on September 20 and expects to sail within the near future.

Captain Iversen Discharged From Army Service

Another interesting chapter in the life of Captain James G. Iversen, 163 Los Olivos avenue closed when he was discharged from the service September 23.

He is a veteran of the 459th Bomb Group of the 15th Air Force and the proud possessor of the Presidential Unit Citation, the Mediterranean theatre ribbon with nine battle stars for participation in the following battles: Rome-Arno, Germany, Southern Germany, Central Germany, Southern France, Northern France, air combat over the Balkans, Po Valley, and the Rhineland.

He arrived at Newport News, Virginia on August 19 and the same day continued on to Camp Beale, Marysville. On his arrival he was granted a 30 day leave, at the expiration of which he reported back to Camp Beale and was discharged on September 23.

Iversen is the son of Mr. and Mrs. James Iversen, 618 San Diego avenue and the husband of Mrs. Elizabeth M. Iversen of 163 Los Olivos avenue.

Newspaper Week

In proclaiming October 1-8 as Newspaper Week in California, Governor Warren declared that he hoped its observance would advance the "understanding of the protection of liberty afforded by a free press."

Freedom of the press and the freedom of a people are synonymous. If the press is shackled the people soon find themselves in fetters. The history of the past decade gives eloquent witness to that fact. Dictators know that a free press is fatal to their aims and ambitions.

But even in our own Nation where basic liberties have been preserved intact the press has had, and will continue to have, a great responsibility in the protection and preservation of individual rights.

The unceasing efforts of subversive groups which, under one guise or another, seek to destroy the American way of life; the designs of ambitious government bureaucrats who want to set up their pet forms or regimentation; the preachers of intolerance and race hatred —all these are best counteracted by the alertness and vigorous opposition of our free press.

During the war American newspapers served the Nation with distinction. They proved that the press does not have to be coerced by government in order to be useful during such an emergency. They voluntarily devoted a tremendous amount of free space to the support of War Bond drives, to the collection of strategic materials and to patriotic endeavors of all kinds.

While imposing a voluntary censorship on themselves for the sake of national security, they fought and, to a large extent, won the battle against overzealous censors who wanted to withhold facts which the public was entitled to know.

On the occasion of Newspaper Week 1945, the American Press is more than ever aware that "A Free Press—A Free People" is much more than a mere slogan.

The Mikado Makes a Call

The "Son of Heaven" came down to earth, so to speak, when he called on a mortal named Douglas MacArthur who now happens to be the ruler of the Mikado's celestial empire.

Nothing like that had taken place in Japan for more than 2,000 years, so we are told, and the Japanese people were "shocked." Well, the shock will do them good. A few more like that might shock them out of the silly superstition that Hirohito is anything more than a myopic little man who ought to be sitting in a prison cell right now awaiting trial as a war criminal.

Certain it is that we are not going to make any genuine progress toward reforming the Japs from their cruel and treacherous ways as long as Shintoism and emperor worship continue. These religious beliefs are the very foundation of the illusion that Nippon is destined to rule the world and that murder, torture and other bestial practices are perfectly justifiable when committed on "inferior" peoples.

Although we have agreed to let the Japanese throne remain there is no reason why we shouldn't knock some of the celestial props from under it and let the Japanese people know that their "Son of Heaven" has been, at best, only a tool for militarists who have brought disaster on the nation.

Spending or Squandering?

In Washington at present a fight is going on between Congress and the huge government bureaucracy over funds appropriated to the various agencies for war purposes.

Now that Japan has quit Congress wants to cancel unexpended appropriations. The bureaucrats, disappointed because they haven't had time to spend the money, are trying to justify their need of the funds anyway.

Congress, however, must see to it that inflated war spending is not translated into peacetime squandering. It must insist that unnecessary agencies be eliminated and others return to peacetime spending standards.

Actually, the Washington situation is not unlike the one facing some individuals today. They have had good war incomes and have spent it as fast as they earned it. Now with no more overtime payments their wages have dropped. It's not easy to get adjusted to the new income. There might be the temptation to continue the old spending pace and run up debts with the hope they can be paid off later.

Spending is normal and necessary both for government and individuals, but squandering has no justification in the experience of either.

Robert Anderson Gets Citation For Heroic Services

Mr. and Mrs. G. E. Anderson, 568 Bellevue avenue received the following letter recently from L. C. Squire commanding officer of the U.S.S. Rutland in regard to their son S 2/c Robert Gerald Anderson, USNR relative to services rendered during amphibious landing operations against enemy opposition:

"1. On 19 to 28 February, 1945, the U. S. S. Rutland participated in the assault landing operations against Iwo Jima, Bonin Islands, landing troops and equipment against strong enemy opposition and under heavy fire.

"2. The members of the beach party of the U. S. S. Rutland assigned to Red Two landed on D day immediately after the assault waves in the face of heavy enemy fire on Beach Red Two. They organized the beach for receipt of urgently needed supplies, maintained communications and effected prompt evacuation of casualties. They remained on the beach working day and night until D plus 1 day when they were relieved. On D plus 3 day they landed a second time on Beach Red Two and remained until they were relieved on D plus 5 day.

"3. With coolness and courage, under conditions of gravest personal danger from constant enemy fire, and with complete disregard for his own safety, Anderson contributed in an outstanding manner to the successful fulfillment of their mission as a team. Although dangerously exposed, and handicapped by great difficulties, his conduct was instrumental in assuring the success of the operation and the saving of many lives through prompt and courageous evacuation of casualties.

"4. It is requested that the commanding officer place a copy of this letter in the record of Anderson."

Cypress Circle To Nominate Officers

Cypress Circle No. 14, UAOD will hold first and second nomination of officers at their regular meeting, Wednesday, October 10, at the Colma Community Center building.

Chairman of the refreshment committee will be Mrs. Virginia Rodondi. Mrs. Helen Farris will be co-chairman.

Fillipo Calcagno Passes Away

Funeral services were held at the W. C. Lasswell and company mortuary, 6154 Mission street, Monday, October 1 at 9 a. m. for Fillipo Calcagno of Colma, who passed away September 27.

He was the husband of Marie Calcagno and father of Giovanni Battista, Francesco and Angiolena Calcagno all of Italy. Also father of the late Louis Calcagno of Colma.

A requiem mass was celebrated for the repose of his soul at 9:30 a. m. at the Holy Angels church.

Interment was at the Italian cemetery.

Exciting Times At Davidson Home

Mrs. E. E. (Virginia) Davidson, 581 Hanover street has had more surprises, events and excitement coming her way for the last couple of weeks than most people have in a much longer period.

On October 1 she returned home from St. Mary's hospital after undergoing an operation about seven days previously.

Her husband's brother, Sergeant Adrain C. Davidson who resides with them, returned to this country on September 27 after having been interned by the Japanese for three years and three months at Cabanatuan Camps 3-1 Philippine Islands, Clarkfield, Bilibid and Formosa, Japan Sendi 3B. He was captured on May 6, 1942 at Corregidor while serving with the 4th U. S. Marine Corps.

His version of the Japanese treatment is "Hard work, little food and they liked to knock you around." According to Mrs. Davidson he bears plenty of scars to substantiate this statement. At present he is undergoing treatment at Oak Knoll hospital.

Her husband, First Class Petty Officer E. E. Davidson, U. S. Navy who has been hospitalized in various hospitals for the past two and one half years underwent an operation on Tuesday, October 2 at Treasure Island hospital.

On September 29 Mr. and Mrs. Gale Bay and children and Cadet Nurse Miss Mable Davidson all from San Diego, arrived here to visit with their two brothers for only one day, leaving again the next day.

Paul Davidson, another brother-in-law who has been serving with the U. S. Marine Corps for two years in the South Pacific arrived here Wednesday, October 3 and is leaving for his home in Columbus, Ohio, October 4 to see his wife and three children the youngest of whom he has never seen.

The three Davidson boys' parents reside in Columbus, Ohio.

Perpetual Help Mothers Club To Meet October 12th

The Mothers' Club of Our Lady of Perpetual Help school will hold their regular meeting in the schoolroom on Friday, October 12, at 8 p. m.

There will be refreshments and a sociable game after the meeting.

New Arrival At The Gerrans Home

Mrs. Charles Gerrans, Pierce and Annie streets, Colma presented her husband Seaman 2/c Charles Gerrans USN with an eight pound 13 ounce daughter on September 18.

Kathleen Ann made her appearance at 9:22 p. m. at South San Francisco hospital.

Mrs. Gerrans, the former Cathryn Callan and her daughter are making their home with her father, James Callan.

Flaxseed Yield

An average of 34 pounds of oil and 60 pounds of meal are produced from 100 pounds of flaxseed.

Healthy Scalp

For a healthy scalp and lustrous hair, beauticians still recommend the old-fashioned "forty strokes at bedtime" with a good hairbrush as the best beauty treatment. A shampoo is required every week or so, but brushing should be a daily habit —and, the experts add, with a clean brush. It is not enough to run a comb through the brush to remove hair. The hairbrush should be washed often with soap and water to cleanse the bristles and the frame which holds them. After a thorough sudsing, rinse the brush in clear water, tie a string around the handle and hang it to dry, preferably in the sun. Wash the comb, too, using rich, lukewarm suds.

Garage Car

Automobile owners are advised to garage their cars at night to preserve the finish. This prevents dew from forming on the body, and dew seems to be an important factor in causing the failure of finish.

LEGAL ADVERTISING

NOTICE OF INTENDED SALE OF GROCERY STORE, FIXTURES, FURNISHINGS, ETC.

NOTICE IS HEREBY GIVEN that Henning Larson and Evelyn Larson, residing at 100 Los Olivos Avenue, Daly City, California, have agreed to sell to Beda K. Demand for Lumbering Products Increases

A rugged woodsman views a spruce he has just felled that scales 7 feet across the butt. In the saw filers' room this workman (at right) eats his lunch beside one of his charges. These bandsaws, which operate on a headrig outfit, revolve at a speed of nearly two miles a minute.

UNTIL May and June, 1940, the war had little effect on the three main branches of Canada's forest industry — logging, sawmilling and pulp and paper making. After the conquest of western Europe, however, enormously expanded military construction programs were immediately adopted, and Canada undertook special responsibilities for the supply of lumber to the United Kingdom. The demands for pulp and paper closely followed the increased requirements for lumber.

The forest industries required little or no conversion of plants during the transition from a peacetime to a wartime basis. The need for their products increased in quantity rather than in kind, and pre-war experience in meeting the requirements of their principal export markets in the United Kingdom and the United States was valuable. The war caused greatly increased demands for such special products as pit-props for British mines, hardwood veneer logs and Sitka spruce for the aircraft industry. Government-owned companies were established to stimulate production of the last two items.

During the war the average annual rate of fellings in Canada's forests increased about 20% over the pre-war average despite the difficulties caused by shortages of labor and other factors. Production of sawn lumber increased by 30%, wood pulp by 28%, and newsprint paper by 9%. Notwithstanding these increases in production and the close control of exports, forest products were in short supply in Canada. The consumption of lumber for military purposes, including the packaging of military stores, was so great that the amount available for civilian construction of new homes was seriously restricted.

In order to provide means for dealing with the emergency a timber controller was appointed to be responsible for the distribution of available supplies of lumber. Later this controller also took over direction of production and distribution of pulpwood and wood fuel. The pulp and paper industry was placed under supervision of the Wartime Prices and Trade Boards.

Flavor Potatoes

For fine flavor in cooking potatoes for fish cakes, add half a clove of garlic to the water and discard before mashing the potatoes.

First Kentucky Derby

The first Kentucky Derby was run in May, 1875. Aristides won the purse of $2,850 before a gallery of 10,000 people.

Peanuts Nourishing

Peanuts add nourishment and flavor to fruit and vegetable salads.

Notice of Proposed Change of Zoning District

NOTICE IS HEREBY GIVEN: that the County Planning Commission of the County of San Mateo, State of California, did, by a resolution of said Commission, adopted on the 13th day of July, 1945, propose a certain amendment to the Land Use Plan Ordinance of the County of San Mateo, and did declare it to be its intention to consider said proposed amendment in the manner provided by law, which proposed amendment is as follows:

That Section 12as of said ordinance be amended so as to reclassify certain property from an A-2 B-4 district to an R-1 district, which property is located between 92nd St. and Pierce St. and bounded on the East by a line running halfway between Annie St. and Frank St. and extending West a distance of approximately 1054' and comprising approximately 32.6 Acres.

Also to amend Section 29, Paragraph 4 of the Land Use Plan Ordinance No. 400 by the addition of Sub-paragraph (t) reading as follows, to-wit:

SECTION 29

4. For each of the following streets, fifteen (15) feet from the property line on each side thereof: (t) All streets within that tract known as Broadmoor Subdivision.

NOTICE IS HEREBY FURTHER GIVEN: that said commission has set certain times and places for public hearings on said proposed amendment, at which times and places any and all persons interested in said proposed amendment may appear and be heard thereon, which times and places are as follows:

At the hour of 2:00 P. M. on the 19th day of October, 1945, in the Supervisors Chambers in the Court House, Redwood City, California.

At the hour of 2:00 P. M. on the 16th day of November, 1945, in the Supervisors Chambers in the Court House, Redwood City, California.

FRANK S. SKILLMAN,
Secretary
County Planning Commission
County of San Mateo, State of California.

Marino Puccini Passes Away

Marino Puccini passed away Wednesday, September 27 at 9:15 p. m. after undergoing an operation earlier that same day at Saint Francis hospital.

He was the husband of Josephine Puccini, father of Frank Puccini and Jennie Borelli, grandfather of Frank jr. and Joann Puccini, father-in-law of Anne Puccini and Joseph Borelli, son-in-law of Gaetano Cardenti and brother-in-law of Amedo and Michaelangelo Cardenti.

He was a native of Italy but for the past 12 years has resided at 6654 Mission street.

Funeral services were held Monday, October 1 at 9 a. m. from the chapel of Valente, Marini, Perata and company, 4840 Mission street. A solemn requiem high mass was celebrated for the repose of his soul at 9:30 a. m. at Our Lady of Perpetual Help chuch. Interment was at the Italian cemetery.

Selective Breeding

Almost a half pound of extra wool per fleece of cleaner and longer wool has been obtained by selective breeding of sheep in Idaho, says the U. S. department of agriculture.

School Lunches

More than 4 million school children in the United States eat balanced hot school lunches at school every day.

Notice of Intention to Engage in the Sale of Alcoholic Beverages

September 25, 1945.

To Whom It May Concern:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

7399 Mission Street, Daly City. (Transfer from E. Pastorino to Andrew Uccelli).

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale Distilled Spirits.
On Sale Beer and Wine.

Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

ANDREW UCCELLI.

Published October 4, 1945.

Cuban Industry

There are in Cuba 5,229 plants, covering 182 different types of industries, excluding the sugar industry. These employ a total of 100,000 men who earn a daily wage of $1.50 (conservative average.)

Orange Milk Shake

Mix a half glass of orange juice with a half glass of milk, add a tablespoon of sugar and shake with ice for an orange milk shake.

Bridge Shower

A bridge shower is practicable for the serviceman's bride-to-be who is unsure when or where she will set up housekeeping. Gifts can be cards, pencils, tallies, bridge cloth, napkins.

Asiatic Agriculture

Under the farming conditions of most of Asia, it requires four or five families living on the land to supply food for themselves and for one family living in a city.

Damp Dusting

Wood or metal furniture needs an occasional damp dusting with a soft cloth wrung almost dry from clear lukewarm water.

Eases Haymaking

Use of the buck-rake, hay blower, and one-man pick-up baler is greatly increasing the efficiency of haymaking on farms.

Heavy Dish Towels

New dish towels that are very heavily sized will serve better if soaked overnight in warm sudsy water to remove stiffness.

Calif. Teachers To Meet Saturday In San Francisco

The California Teachers Association, Bay section, will hold its first fall meeting in a full-day session on Saturday, October 6, at the Sir Francis Drake hotel in San Francisco.

A large group of standing committees will convene at 10 a. m., including the classroom department, adult education, childhood education, credit union, finance, intercultural relations, legislative, NEA delegates, professional growth, teacher load, teacher training, certification, public relations, salaries, tenure, and youth problems.

Lunch will be served at noon in the Empire room, after which the council will meet with President Wallace W. Hall, vice-president of the Marin Junior college, presiding. In addition to routine business and committee reports, there will be an address by Roy W. Cloud, executive secretary of the California Teachers association, on recent school legislation.

Those who will attend include elected bay and state representatives from 13 counties: Alameda, Contra Costa, Lake, Marin, Napa, San Joaquin, San Mateo, Santa Clara, Solano, Sonoma, Stanislaus, Tuolumne, and San Francisco.

Also in attendance will be student representatives from all of the teacher training institutions of the Bay section, who are cooperating with the California Congress of Parents and Teachers and similar groups in their efforts to attract more college students into the teaching field.

Large Republic

Third largest South American republic, Bolivia has an area of about 510,000 square miles. In this state —equal to the combined areas of Utah, Washington, Oregon, California and Nevada—live about 3,300,000 people, less than the population of Chicago. At least 80 per cent of the people live at altitudes of more than 10,000 feet.

PERMANENT JOBS FOR MEN WITH AIRLINE

Now that the war is over, you will want a permanent job with a real future. Here are positions open with United Air Lines at the San Francisco Airport:

Aeronautical Draftsmen
Building Maintenance Helpers
Baker
Plane Cleaners
Cargo Handlers
Janitors
Supply Men
Utility Workers
Stock Clerks
Station Agents

War Veterans given special attention.

Employee benefits include vacations with pay, half-fare air travel, insurance plan, periodic wage review, and a retirement plan.

Apply S. F. Airport, Bayshore Blvd. at San Bruno Ave., or 421 Powell, S. F.

P. G. & E. Co. Plans Improvement In Gas Transmission

Pacific Gas and Electric company, operating throughout an area of 89,000 square miles in Northern and Central California, is engaged on a $1,900,000 program of expansion and improvement of its vast system of natural gas transmission and distribution facilities which already include more than 9,600 miles of pipelines and mains. Much of the work is under way; the rest is scheduled for the early future.

On this $1,900,000 program are five projects representing an aggregate expenditure of $1,000,000. The other $900,000 worth of items on the list consists of numerous minor jobs chiefly additions to distribution networks in communities in all parts of the territory served by the company. The purposes of these extensions and betterments are to improve service and to take care of gas load increases definitely indicated by comprehensive surveys. Among the major projects are the following:

Reconditioning of a 40-mile stretch of 20-inch steel main extending from Milpitas near the southerly end of San Francisco bay to Oakland. This unit is a part of the first natural gas line built by the company in 1929-30 from the Kettleman Hills and Buttonwillow fields to the San Francisco bay area. The improvement will increase the capacity of the line for delivery of gas to East Bay communities.

Similar reconditioning, and for the same purpose, of the 45 miles of main running from Milpitas through Santa Clara and San Mateo counties to San Francisco.

Construction of 13¼ miles of steel main to tap a new natural gas field at Ord Bend in Glenn county. The new line connects with the existing transmission main south of Chico and serves Chico, Oroville and Durham in Butte county. It was recently completed.

In Fresno county, at the southern end of the natural gas system, three new additions to the transmission network will be built in the early future.

The most important of these will be the construction of 22.82 miles of 10-inch steel pipeline from the growing Burrell gas field to connect with the Buttonwillow-Milpitas line at a point 24.8 miles north of Kettleman Compressor Station.

To assure the communities of Fresno, Sanger, Fowler and Selma an adequate supply of gas from the Burrell, Riverdale, Helm, Raisin City and Gill Ranch fields, the company will lay a second 8-inch steel pipeline, 6¼ miles long, between Fresno Junction and the Fresno gas plant.

As added assurance of ample gas for the city of Selma and vicinity, work soon will begin on 5.6 miles of 6-inch pipeline from the existing Fowler-Sanger line to connect with the Selma distribution system.

Another new high-pressure transmission pipeline now is under construction from the port city of Eureka to Arcata in Humboldt county. This line, consisting of 10½ miles of 4-inch main, will provide Arcata with natural gas from the Tompkins Hill field, 13 miles south of Eureka, which for the past several years has supplied Eureka. At present Arcata receives a mixture of butane and air distributed by another company, whose distribution facilities recently were purchased by P. G. and E.

The work of extending and improving distribution mains is going on continuously from one end of the system to the other.

Woodrow Wilson P. T. A. to Meet Tuesday, Oct. 9th

Woodrow Wilson PTA executive board and sewing group will meet Tuesday, October 9, at the home of Mrs. Ida Hanley, 43 Woodrow street. The co-hostesses will be Mrs. Catherine Foreman and Mrs. Martha Linden.

There will be discussions of the joint meeting to be held at Jefferson Union High school, Tuesday, October 16, at 7:30 p. m. and the magazine whist to be held on October 25 at the home of Mrs. Eleanor Meadows, 751 Niantic avenue.

'Fly-Up' Ceremony Held by Brownies Of Troops 8 and 11

On Thursday, September 27 the Brownies of Troops 8 and 11 held their "Fly-up" ceremony for girls between the ages of 10 and 11 flying up from the Brownie world to the Girl Scout world.

The "Fly-ups" were Mary Fitzgerald, Joyce Petty, Carol Pontbriand from Troop 11; Louise Banfield, Heather Bridges, Claudina Hyder, Donna Kollman, L'Beth Kennedy, Joan Jobson and Joann Van Vliet from Troop 8.

The program began with a flag ceremony. Color bearers were Jacqueline Dallas, American flag; Joan Clement, Girl Scout flag and Evelyn Rolff with Pauline Byrne, Roberta Ferger and Arlene Trapp as color guards.

The Brownies formed their fairy ring and sang a farewell song to their fly-ups, after which their leaders pinned on the Brownie wings and told them to flyup and prosper. Girl Scouts of Troop 12 were waiting in horseshoe formation. Their patrol leaders Joan Beecher and Helen Hankerson brought each "Fly-up" forward to their new leaders Mrs. ena Banfield of Troop 12 and Mrs. John Van Vliet of Troop 13, to whom they repeated their Girl Scout promise and laws. They were then escorted to the horseshoe which closed into a Girl Scout circle. A welcome song was sung, a wish made and all joined in their good night song.

Refreshments of ice cream and cake were served by Janet Schrieber, Esther Young, Mary Simmons and Jane Kennedy.

The hostesses greeting the guests were Jacqueline Frellson and Beverly Hamilton.

Guests who were present were Mr. and Mrs. James Petty and son, Mrs. Reginald Jobson, Mrs. Frank Bridges, Mrs. John Kollman, Mrs. Dan Kennedy, Mrs. Miller and several younger eLaders of the various troops who were present were: Mrs. Louise Buttle, Girl Scout Troop No. 2 and Senior Scouts No. 6; Mrs. Elsie Hesselein, Girl Scout Troop No. 3; Mrs. John Van Vliet, Girl Scout Troop No. 13; Mrs. Helen Thornton, Brownie Troop No. 10; Mrs. Lena Banfield, Girl Scout Troop No. 12; Mrs. Winifred Rolff, Girl Scout Troop No. 12; Mrs. Dorothy Erickson, Brownie Troop No. 11; Mrs. Vera Perrier, Brownie Troop No. 11; Mrs. Hilda Heagney and Mrs. Ethel Saame, both of Brownie Troop No. 8. Committee members present were Mrs. Clara Poket, Girl Scout Troop No. 12 and Mrs. Robert Hathaway, Brownie Troop No. 11.

Feed Lawn

Feed the lawn with a complete balanced plant food to provide nourishment for a sturdy top growth and extensive root development that will send your lawn into its winter dormant period more resistant to winter killing.

Crocker P.T.A. Met at Home Of Mrs. Eva Hobbs

Crocker PTA sewing group met at the home of President Mrs. Eva Hobbs, 847 Hanover street, Tuesday, October 2. Luncheon was served previous to the meeting by the hostess.

The following members including the hostess were present: Mrs. Alice Tylenda, Mrs. Doris Starkovich, Mrs. Pansy Montano, Mrs. Ruth Morris, Mrs. Julia Jordon, Mrs. Ann Ingersoll, Mrs. Lillie Caragnaro, Mrs. Frances Haussler, Mrs. Bertha D'Isep, Mrs. Olga Bordson.

The following five members of the group were appointed to contact the principal of Crocker school each week to collect bond and stamp money and after purchasing same, delivery to principal for distribution to purchasers: Mrs. Ruth Morris, Mrs. Doris Starkovich, Mrs. Emma D'Isep, Mrs. Pansy Montano, Mrs. Eva Hobbs.

They will meet every Tuesday until they hold their bazaar on December 7, at Masonic hall, 17 Hillcrest drive.

Lunches will be served at a nominal cost and the public is cordially invited.

Booths featuring home made cakes, jams, jellies and fancy work will be the main attraction.

Limestone Use

The American steel industry used 29,337,000 tons of limestone last year

NOTICE OF PROPOSED CHANGE OF ZONING DISTRICT

NOTICE IS HEREBY GIVEN that the County Planning Commission of the County of San Mateo, State of California, did, by a resolution of said commission, adopted on the 17th day of August, 1945, propose a certain amendment to the Land Use Plan Ordinance (Ordinance No. 400) of the County of San Mateo, and did declare it to be its intention to consider said proposed amendment in the manner provided by law, which proposed amendment is as follows:

That Section 12aq of said ordinance be amended so as to reclassify certain property from an R-4 district to a C-1 district, which property is lots 23, 24, 25; Block 2, Dimond Tract, Geneva Avenue, Bayshore City; so as to allow the construction of a store building.

NOTICE IS HEREBY FURTHER GIVEN: that said commission has set certain times and places for public hearings on said proposed amendment, at which times and places any and all persons interested in said proposed amendment may appear and be heard thereon. The first of said hearings having heretofore been held, the second will be held at the following time and place:

At the hour of 2:00 P. M. on the 19th day of October, 1945, in the Supervisors' Chambers at the Court House, Redwood City, California.

FRANK S. SKILLMAN,
Secretary
County Planning Commission
County of San Mateo, State of California.

Test Astigmatism

A simple test for astigmatism is to cover one eye and look at an object. Then hold a card with a pinhole in it before the eye and view the object through the hole. If vision seems improved, astigmatism in the eye may be suspected, according to the Better Vision Institute.

Fish Odor on Towel

To remove the odor of fish from tea towels and dish cloths boil them for five minutes in water containing one teaspoon baking soda to each quart. Rinse in warm and then in cold water. Soda water will also remove fish odor from the hands.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933,

Of Daly City Record published weekly at Daly City, California for October 1, 1945.

State of California, County of San Mateo—ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Harold P. Bradshaw, who, having been duly sworn according to law, deposes and says that he is the Publisher of the Community News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Editor—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Managing Editor—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

Business Manager—Harold P. Bradshaw, 3317 San Jose Avenue, Daly City, California.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern its name and address, as well as those of each individual member, must be given.)

J. W. Marchbanks, 3317 San Jose Avenue, Daly City, California.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are : (If there are none, so state.)

None.

4. That the two paragraphs next above, giving names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is:

(This information is required from daily publications only.)

HAROLD P. BRADSHAW.

Sworn to and subscribed before me this 24th day of September, 1945.

(SEAL) JOHN J. FAHEY

(My commission expires March 2, 1947.)

News Of The Grammar Schools

Jefferson

With the summer vacation a thing of the past, Jefferson students have settled down into the routine of the classroom. The enrollment in the school is slightly over 300, with grades ranging from kindergarten to high eighth. In the fall term, the social studies unit in the eighth grade is the always popular one, "Living in the San Francisco Bay Area." Scrap books seem to have become a hobby with these eighth graders and they assemble and organze their material in artistic and interesting fashion. The books are very original and many are beautifully done. In connection with this unit, a very fine motion picture was shown. It was "California Picture Book" and portrayed the contrasts of the state, such as our snow-clad mountains and our desert; palms and redwoods; Missions and metropoli; miles of citrus trees and great stretches of rocky Pacifi coast. Included also were Santa Barbara, Monterey Peninsula, Lake Arrowhead, Lake Tahoe, Palm Springs, Yosemite and Mount Shasta.

Newcomers to the eighth grade this term are Emily Schurba, formerly from Daly City, but more recently from New York; Catherine Biancalana who transferred from Marina Jr. High school, San Francisco; Domenic Matteucci, from Portola school, San Francisco and Mark Miser from Daly City.

In order to keep up with the rapid development of aviation, Jefferson students are studying "Air Travel" as their social studies unit. The bulletin board and border contain pictures showing the progress of air flight.

In correlation with this unit the class enjoyed a sound film, telling the history of aviation down to the present day.

The sixth grade has taken the "Story of the Sea" as its unit of work this term, with each student keeping a notebook of his own containing written material, pictures and maps.

The fourth and fifth grades in Jefferson Annex are studying textiles as their unit of work, with the Egyptian and Mesopotamian civilizations affording a wealth of information on the early skills of spinning and weaving.

In conjunction with this unit, the geography and history of that area are being studied and the use of maps and pictures empioyed.

The first grade is studying "The Home" during their social studies period. They have seen interesting pictures and are making a book of the home and its various rooms. Many activities have been planned: games, drawings and songs, all of which pertain to their unit of work.

Woodrow Wilson

New class officers were elected at the Woodrow Wilson Student Body meeting held Friday, September 21. They are as follows: president, Sam Aiello; vice-president, Leroy Gonzales; secretary, Darlene Bortis; treasurer, Gerald Young.

Room 4 has enjoyed hearing the series of new records entitled "Peter and the Wolf," recordings satisfying to all ages.

The students in Room 8 are studying latitudes and longitudes. They are becoming familiar with the world by locating places where the longitude and latitude are given.

The boys and girls of the sixth grade in Room 9 are studying the early methods of transportation used by the cave man.

The students of Room 12 have enjoyed making dictionaries in which they put words from social studies and reading lessons.

The children in Room 14 are studying about friendly birds in California. They are studying them as an introduction to their unit on the State of California.

Pupils in Room 15 have started their unit "Clothing" by finding how the early people dressed. It was very interesting to note that the people adapted their needs to what they had around them.

Crocker

The students of Room 2 are busy making booklets on the "Story of Textiles."

Harry Hampton of Room 3 transferred to San Francisco.

Geraldine McAllen and her parents spent Sunday picnicking at Coyote lake near Gilroy.

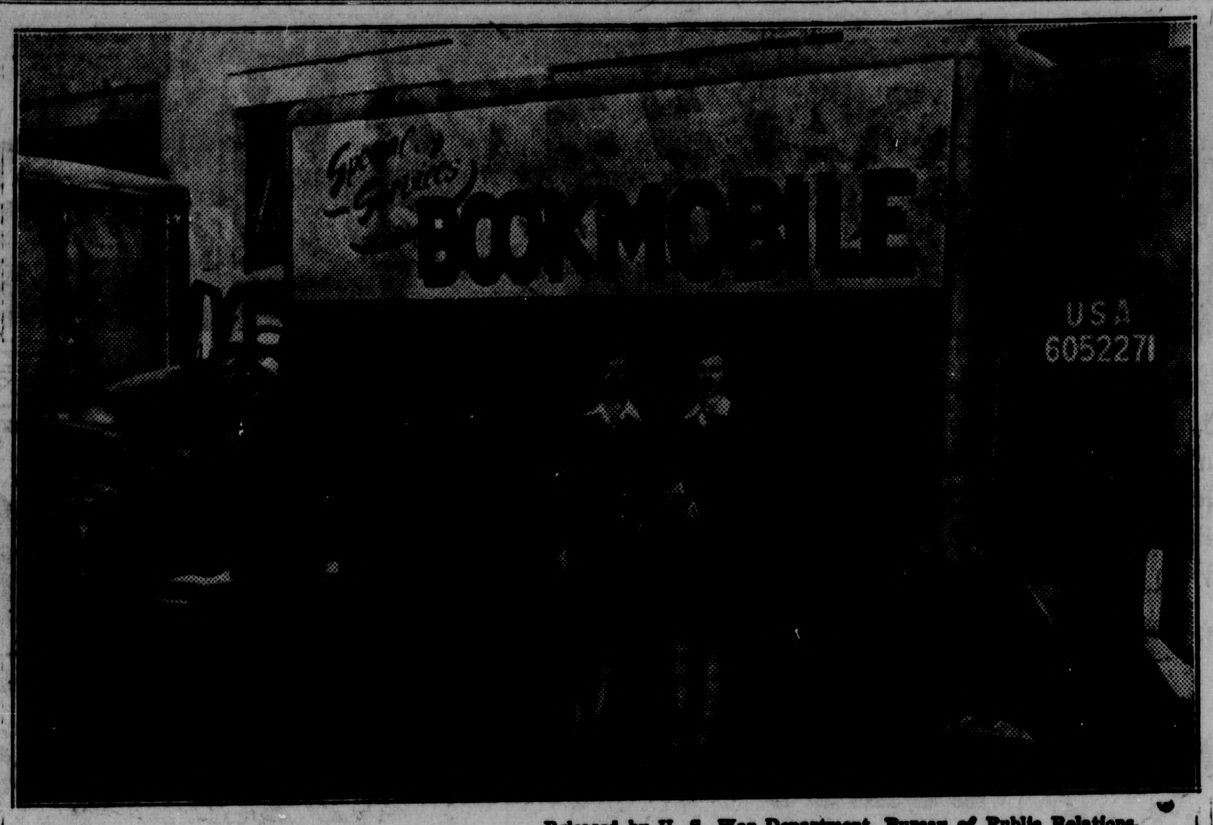

The pupils of Room 4 have begun their booklets on "Transportation" and already many have brought to class pictures or exhibits pertaining to their work.

This week Leonard Williams moved to Grass Valley.

The students of Room 5 are sorry Juanita Crane had to move.

Leonara Lee celebrated her birthday on September 23.

Several students of Room 6 visited other towns over the weekend. Bernie Goldstein and family spent a day in Colfax. William Evans went to Sonoma county where his father allowed him to try his parachute gun. Marvin Higgins and his father went deer hunting.

Released by U. S. War Department, Bureau of Public Relations.

TRAVELING LIBRARY FOR TROOPS IN OCCUPATION ARMY—Cpl. James Hasking, Aberdeen, Md., driver of the Special Services "Bookmobile," and the two librarians, Miss Winalee Saunders and Miss Leita McLeod, both of Waco, Tex., halt their moving book shelves at a GI camp. This unit gives troops in the field a chance to read the latest books. A large variety of new books is made available to service men.

Label Wires Kill Trees

Countless young trees are killed each year by label wires. As the young tree grows the wire tightens and girdles it. This is particularly true where iron wire is used. Where young fruit trees were set out this fall and no attention was paid to the label wires, it will pay you to go over them now and see that the wires are not too tight. The proper way to handle the label is to tie the wire loosely on one of the branches, and not on the trunk.

Gestation Periods

Average gestation periods are: sow, 114 days; ewe, 147; goat, 150; cow, 283; and mare, 340.

Polish Mirrors

Old tissue dress patterns are fine for polishing mirrors and windows.

Vary Vegetables

To get vitamins the pleasant way, have green and yellow vegetables every day.

UNITED AIR LINES OFFERS JOBS TO WAR VETERANS

If you have just received your honorable discharge or are about to receive it, and are wondering what you are going to do in civilian life, you should consider the many opportunities United Air Lines offer men who are leaving the Armed Forces.

The fact is—your training and experience will help you "go places" in this rapidly growing industry. And there certainly is a future with United . . . expansion plans for the next five years call for operations three times as great as now.

Among the positions open today are station agents, ticket agents, clerical workers, stock clerks and supply men, cargo workers, commissary cooks and bakers, and many others.

To promote the welfare of its employees, United maintains an unusual program consisting of many benefits, services, and privileges.

Apply at United Air Lines—San Francisco, 421 Powell Street, or San Francisco Airport, Bayshore Blvd. at San Bruno Ave. Write if it is not convenient to call in person.

Colma P. T. A. Met Tuesday

Colma PTA met Tuesday, October 2, at 2 p. m. in the Jefferson Annex building.

Mrs. Tina Hollingsworth was president pro-tem in the absence of Mrs. Lottie Baker who has left the city.

Mrs. Harriet Strong was installed by Mrs. Tina Hollingsworth after she had been elected president by unanimous vote of the executive board.

The next executive board and sewing group meeting will be held Wednesday, October 24 at 1 p. m. at Jefferson Annex.

A teachers tea followed the business meeting. All teachers from Thornton and Jefferson schools were present.

Metal That Never Tires

As a substitute for war-scarce tin, beryllium with copper and with other metals forms hard, extremely strong alloys for tools and dies. Because it gives off no sparks, it makes good safety tools and surfaces for workers in factories handling explosives. Outstanding is beryllium's use in aircraft instruments. A combination of 2 per cent beryllium and 98 per cent copper in precision springs has the virtue of not weakening, no matter how often the springs may be stretched. Hence beryllium's reputation as "the metal that never tires."

Saves Sugar

Try sprinkling sugar on cookie dough with a shaker rather than by hand. The process is easier, the sugar is spread more evenly, and sugar is saved.

Wild Greens

Many common wild greens from fields and woods have been found to be rich in vitamins A and C.

You'll SEE a BIG Difference when you put in a Bright, New Lamp Bulb

Have you checked over the lamp bulbs in your home this year? It pays to do it because lamp bulbs "dim-out" with age and use.

For example, check your favorite floor lamp with the three-way globe. Perhaps only one filament is now working and that is why the light it is giving out is not very bright. Or your kitchen light has begun to darken. Or lamp bulbs are missing in other lamps and fixtures.

Make a list of the lamps needed. Buy bright, new bulbs. They are cheap to buy and are in plentiful supply. Good lighting is inexpensive. Use Better Light to make your home more cheerful as well as more comforting to your eyes.

Regular meeting, Cub Den No. 5, Pack No. 141, 7 East Moltke street.

7 p. m.—
Night school, Jefferson Union High school, 6996 Mission street.

8 p. m.—
Regular meeting, Daly City Post No. 410, American Legion, Legion hall, 474 San Diego avenue.

8:15 p. m.—
Regular meeting, Colma Vista Grande Aerie No. 1848, FOE, Little Italy hall, 6229-a Mission street.

War Chest Drive Now Under Way On National Scale

Volunteer workers throughout America this week launched a nation-wide campaign which will make it possible for Americans with a single contribution to discharge their obligations to service men, to the suffering victims of the Axis in Europe, China and the Philippines and to tthe needy within our own borders.

The campaign is under the general supervision of the National War Fund, whose goal of $250,000,000 has been endorsed by President Truman, heads of the War and Navy Departments, and by governors and civic leaders everywhere. In California, the campaign is being conducted by the California War Chest, whose goal is $22,000,000.

Of the national fund, 60 per cent is allocated in aid of the men and women of the armed forces and the merchant marine. Largest allocation is to the USO and the affiliated USO-camp shows and USO-hospital shows, through which recreation and entertainment are provided for the men keeping watch on the Japs and Germans and the men who lie maimed because they helped win our war. To these groups is allocated 50 per cent of the national fund. United Seamen's Service, which provides similar aides to merchant seamen, besides giving them assistance with family problems, gets 4 per cent, and to War Prisoners Aid, which is now helping liberated prisoners to return to normal life goes 6 per cent.

To 19 agencies providing relief for the hungry, homeless and hopeless victims of war in nations overrun by the Axis goes 39 per cent of the national fund.

In addition to these national goals, the War Chest will meet the needs of numerous local agencies concerned with the assistance, care and guidance of the unfortunate in local communities.

Mosquito Nests

An important measure farmers can take against the mosquito is to clean up their breeding places—fill in puddles and ditches near the house where there is standing water, remove all old cans and receptacles from the premises, that may catch rain water, put a screen or cover over the rain barrel, and correct any situation which might offer a breeding place.

Native Scurvy

South African natives develop scurvy quickly when they are transferred from their normal habitat to the living conditions of the white man in the course of expansion of industry and mining. The natives are only rarely subject to scurvy at home, it appears, although their diet is limited to maize and maize products, sour milk, and kaffir beer. It is the beer that protects them, as it is rich in vitamin C.

Textile Finishes Remain

Textile chemists are creating new fibers and new finishes to go on old fibers. Formerly the starches, clays, soaps and metallic compounds used for surface finishes in muslins, percales, organdies, damasks and cretonnes and also the crispness produced by oils and gums in chintz disappeared after a few washings; but the coming new finishes for these fabrics will remain almost indefinitely.

Egg Size Important

Egg size is important in the matter of hatchability. No one wants to breed from birds that take six months to come up to normal egg size and weight. But it is found that pullets that begin to lay 23-ounce eggs may soon arrive at sizes that weigh 27 ounces or more to the dozen. With the smaller breeds of chickens, this would be too large for good hatching. As with most such problems, it's best to run a medium course in selection.

New England Catch

Six hundred million pounds of seafood are caught by New England fishermen in a normal year, 85 per cent of this consisting of only 10 species.

ORANGE GLAZED SWEET POTATOES

A winning team—delicious "sweets" baked with orange slices! When meat is scarce, let this hearty, tempting dish round out the meal and satisfy the hungry family. Sweet potatoes, you know, are rich in Vitamin A, so here's a real asset for your wartime menu.

P.S. Try the sugar-saving variation, if you're running low on sugar. Either way, these are "clip for keeps" recipes.

Orange Glazed Sweet Potatoes

4 large sweet potatoes
4 tablespoons Spry
1 unpeeled orange, sliced
¾ cup brown sugar
1 teaspoon salt

Cook sweet potatoes until tender; peel, and cut into quarters, lengthwise. Coat casserole with 1 tablespoon Spry. Arrange potatoes and orange slices in shallow baking dish. Dot with remaining 3 tablespoons Spry. Combine brown sugar and salt and sprinkle over potatoes and oranges. Cover.

Bake in hot oven (400°F.) 30 minutes. Remove cover and bake 10 minutes more. Turn potatoes 2 or 3 times during baking. Serves 6.

Sugar-Saving Version. Use ½ cup dark corn sirup instead of ¾ cup sugar.

Heavy Fine

An Ohio hunter who violated the migratory bird regulations by killing 28 ducks in one morning, recently paid a fine which amounted to $17.80 per duck.

Spot Removal

Spot removal for rayons sometimes has disastrous results because acetone, an ingredient of some commercial spot removing fluids, dissolves acetate rayon. In addition to removing the spot, acetone removes the fabric also. If the material is made of both regenerated and acetate rayon, a stiff spot will result, which soon cracks and makes a hole. It is important to know your cleaning fluid when working with rayon.

Transmit Electricity

In 1887, Henrich Hertz showed that waves, sent out by an electric spark, produced another spark in a nearby wire hoop. Hertz proved that electricity could be sent through space—without wires!

New Flavor

The brine left from a jar of sweet pickles may be substituted for vinegar when making a salad. It will contribute an entirely different and delicious new flavor.

THE WANT ADS

NOTICE—This is to certify that I, William Gayner, am not responsible for bills at Sam's Inn, 6267 Mission street, after September 26, 1945. William Gayner.

American Legion Proposes Plan for Remembering Vets

Representatives of nearly every organization in San Mateo county, together with a number of public spirited citizens, have signified intention of attending a county-wide meeting in San Mateo City Hall, Friday evening, October 12 for the purpose of creating a permanent organization whose objective will be remembering at Christmas service men and women in veterans hospitals.

The idea is a suggestion from Twenty-Sixth District of the American Legion. It is to be an all-citizen movement composed of, and operated by, San Mateo county citizens. The plan is patterned after a similar one that has been successfully operated for more than 20 years in a near-by county.

At the county-wide meeting will be proposed creating a San Mateo County Veteran Hospitals' Christmas committee, a non-profit, nonsectarian, non-political and noncommercial body incorporated under the laws of California. There will be no paid employees either directly or indirectly. All activities will be conducted by volunteer effort.

Purpose of the organization is to remember at Christmas nearly 5,000 veterans now in the three San Mateo county hospitals.

Goal of the plan is to have every room and every ward decorated with garlands, wreaths, berries and Christmas ornaments. It is also planned to have an individual gift wrapped as a Christmas present.

Committee plans for a special Christmas show in the recreational halls before Christmas; special music on Christmas Day and a special Yuletide brought to bedridden patients.

Leaders in the plan believe that it affords a chance to do just a little for those who did so much.

John F. Wright Died September 20

John F. Wright, 137 Templeton avenue, a pioneer resident of Daly City passed away September 20, 1945. He had resided here for the past 37 years.

He leaves his widow Mrs. Lillie Kate Wright and a stepson, Fred Rodriguez.

He was a member of the Holy Names Society of Our Lady of Perpetual Help church and Richter McKinnon Camp No. 1, USWV.

Funeral services were conducted from the mortuary of W. C. Lasswell and company, 6154 Mission street, on October 2 at 9 a. m.

A requiem mass was celebrated for the repose of his soul, commencing at 9:30 a. m. at Our Lady of Perpetual Help church.

Members of the Holy Name Society were present for the recitation of the Rosary at 8 p. m. Monday, October 2, at the mortuary of W. C. Lasswell and company.

Interment was in Holy Cross cemetery.

John Lewkowitz Back In States

Flown here from overseas by Air Transport Command's Caribbean planes to Miami army air field, another Daly City man is back in the states.

In less than 24 hours he left for Camp Blanding, Florida, by rail. From there he was sent to a separation center nearer home for separation from the service or furlough.

Corporal John M. Lewkowitz, 501 Vista Grande avenue served as a radio operator on a C-47 for six months with the 64th TC and ATC air corps in the European and American theatre of operations in Italy and Puerto Rico.

He is entitled to wear the European and American theatre of operation ribbons with two battle stars.

Local D. C. Boy Aboard Battleship Entering Tokyo Bay

Aboard the U. S. S. Mississippi, Tokyo Bay—Lloyd Selmi F1/c, got his first glimpse of the Japanese homeland August 27, when his ship, the U. S. S. Mississippi, sailed up to Tokyo Bay as part of Admiral "Bull" Halsey's powerful Third Occupation fleet.

He served as a member of the Engineers Force aboard the 40,000 ton battleship during the Philippines and Ryukyus operations. He wears the Asiatic-Pacific ribbon with 1 battle star, and the Philippine Liberation ribbon.

Lloyd is the son of Mrs. Zaira Selmi, 6712 Mission street and is married to the former Aileen Coleman of San FrFancisco. Mrs. Selmi resides at 907 Ocean avenue with her mother.

The present Mississippi, claimed to have been sunk on several occasions by both the Japanese and Germans, was duplicating the feat of a previous warship bearing the same name. In 1853 Commodore Matthew C. Perry conned the first Mississippi into the then uncharted waters of Tokyo Bay to open world commerce to Japan.

Commemorating the return of the Missy the State flag waved proudly from the mainmast below the Stars and Stripes. It had been presented in colorful ceremonies attended by Rear Admiral L. D. McCormick, USN, Commander of Battleship Division Three, and Captain J. F. Crowe jr., USN, on the day of entry at Sagami Wan.

Selmi entered the Navy in June 1944, went through boot camp at San Diego, attended basic engineering school in Mississippi, and Diesel Motor Machinist school in San Diego. He boarded the "Missy" at Pearl Harbor in April, 1945.

To Celebrate Birthday

Girl Scout Troop No. 3 will celebrate their first birthday party at the home of Beverly Heagney, 117 Miriam street, on Monday, October 8 at 3:30 p. m.

Joseph Borelli Is Discharged From Army Service

Ft. George Wright, Wash—Pfc. Joseph A. Borelli has been given an honorable discharge from the Army after 31 months of service that included a 24 month tour of duty in the Asiatic-Pacific theatre.

Pfc. Borelli served as an airplane spotter with the 383rd Signal battalion. He came to this separation center from Fort George Wright, Washington.

He wears the Asiatic-Pacific ribbon with bronze star, four battle stars and two arrow heads, and the Good Conduct medal.

Before entering the Army Borelli was employed as an electrician with the United Lighting and Fixture Co.

He is the son of Mr. and Mrs. Ralph Borelli, Daly City, and husband of Mrs. Jennie Borelli, owner and proprietor of the Cut 'N Kurl Beauty salon, 6654 Mission street.

Local People Donate Blood

The following Daly City residents who donated blood during the past month at the San Mateo County Blood Bank are: Mrs. H. Adanri and Mrs. Dolores Lara, first donation; Mrs. Connie Merino, second donation; Mr. and Mrs. James G. Reardon, and Mrs. Ethel Williamson, third donation; Charles F. Reinhart, fourth donation; Mrs. J. E. Allison and Mrs. Sue Hopman, fifth donation; Carlos M. Reinhart, sixth donation; Mrs. Irene Williams, ninth donation and Mrs. Nell Dorrance, tenth donation.

Honors Daughter With Dinner To Celebrate Birthday

Mrs. L. J. Gelinas, 539 San Diego avenue, gave a birthday dinner for her daughter, Beverly, Tuesday, September 25, celebrating her 13th birthday.

Special guests were Beverly's grandparents, Mr. and Mrs. H. R. Sherman of Tulare, California. They returned Wednesday after a four day visit.

Other guests were Nancy Banfield, Joan Vittori and Rosalie Musante. Each girl received a gardenia corsage.

Beverly received many beautiful gifts and a pleasant evening was enjoyed by all.

Gets Discharge From Army Service

Scheduled to arrive at Mather Field near Sacramento on Tuesday, October 2 in the second group of 14 B-29s to bring Army airmen from the Pacific for discharge was Staff Sergeant Arthur Peterson, 98 Alexander avenue.

Sewing Group To Meet October 9

The next meeting of Vista Grande Camp No. 6035, Royal Neighbors of America sewing group, will be held at the home of Mrs. Emily Mon Santo, 278 Los Banos avenue at 8 p. m., Tuesday, October 9.

Retain Vitamins

Turnip greens, put in cold water and cooked for 30 minutes, held one-third of their vitamin C. When put in boiling water and cooked for the same time, they retained three-fourths of their vitamin C.

A TALE O' THE TOWN

By Jay Nahguarts

When is a dolly not a dolly? That is what Joe Straughan would like to know. It happened thus: A couple of friends desiring to transport a heavy object asked him for the loan of a dolly. (A moving dolly, of course.) "Sure," said Joe, "let me think where it is."

Several boy scouts were present, and wanting to be of service volunteered to fetch the device. "No use thinking, thought Joe, with those helpful lads around." But alas! When they appeared with the dolly—it was the wrong version.

Now Joe is busy, between blushes, explaining just why he has a beautiful doll anyway.

Girl Scouts Of Troop No. 13 Held Meeting September 26

Girl Scout Troop No. 13 under leadership of Mrs. Edna Van Vliet met Wednesday, September 26 in the Little Theatre at Jefferson Union High school.

Barbara Beck, Dollie Benny and Barbara Shipman were appointed to serve on the nominating committee.

First and second class scouts are being taught leather tooling under the direction of Miss Ella Redkey.

Joanne Van Vliet, a fly-up from Brownie Troop No. 8, was welcomed as a new member of Troop No. 13 at the meeting held Wednesday, October 3.

Welcome Home!

2,393 veterans have already come back to work for the Southern Pacific

We are justly proud of the 20,013 Southern Pacific men and women who joined the armed forces. Those who have been discharged, we gladly welcome back to the Southern Pacific.

Our policy in re-employing veterans is very simple. The Southern Pacific Company wants its family together again.

While these men and women were away, their seniority advanced just as if they were here on the job. Their continuity of service has been maintained for pension purposes. And Southern Pacific has arranged with the Veterans Administration to participate in a program of training courses for our partially disabled veterans.

We believe that most of our returning war veterans will want to come back with us. Already, of the 2,768 former Southern Pacific people returned to civilian life, 2,393 have come back to work for their railroad.

These people know that Southern Pacific's war work did not end with the surrender of Japan. Millions of men from overseas must still be returned to their homes.

• • • •

That so many of our veterans came back to Southern Pacific indicates a determination to finish the job and a faith in our Company's future that makes me, personally, very proud of every one of them.

A. T. MERCIER, President

S·P

The Friendly Southern Pacific

THURSDAY, OCTOBER 4, 1945

Churches To Hold World Wide Service Sunday, Oct. 7th

Grace Presbyterian church, Hanover street and Evergreen avenue will observe the world wide communion service at 11 o'clock Sunday, October 7.

Grace choir will sing the anthem "For God so Loved the World."

Due to the crowded conditions in the beginner's department of the Sunday school two sessions will be held beginning Sunday, October 7. One session at 9:45 a. m., the regular Sunday school hour, and the other at 11 o'clock. The latter time is especially for those whose parents wish to attend the morning service. Mrs. Charles Kling will be superintendent the first hour and Mrs. Dorothy Coulthard the second hour.

Perch Walks, Climbs Trees

The climbing perch from Asia is a fish that can walk on dry land and climb trees.

Cubs of Pack 141 Enjoy Evening of Fun and Frolic

Friday evening, September 28 was a most enjoyable evening for the boys of Cub Pack No. 141 and their friends. The meeting was held on the site of the Old Vista Grande school, with movies to highlight the evening.

Volley ball, other games, cub ceremonies and last but not least a mobile canteen operated by Den Mother Mrs. Ines Severietti and Cub Mother Mrs. Bjerke, where peanuts and popcorn bars were dispensed, were all part of the activities and festivities.

Den Mother Mrs. A. W. Dimond of the newly organized Den No. 3 was also present.

A full hour of amateur and some professional movies completed the program.

A total of approximately 100 cubs, their friends and visitors voted the evening a huge success.

Prevent Posts Rotting

Before fence posts or other wood material is sunk into the ground, the parts to remain below the surface should be thoroughly soaked in creosote or double-coated with this material. A coat of asphalt paint may then be applied. Such treatment will prevent rotting and destruction of the wood by insects.

Mrs. Palmira Curotto, 453 Santa Barbara avenue was kind enough to furnish the electricity for lighting purposes.

Cover Lemons

To keep lemons from wilting and shrinking it is a good idea to put them in a covered jar in the refrigerator.

Virgil R. Mills Is Serving Aboard The U. S. S. Flint

Aboard the USS Flint — Virgil R. Mills, 25, USNR, son of Mr. and Mrs. A. P. Mills of 6026 Mission street, Daly City, has been advanced to aerographer's mate, first class, while serving aboard this cruiser.

Mills is a veteran of Luzon, Formosa, Iwo Jima, Okinawa, and carrier bombing of Tokyo. His battle station is on the bridge where he manns the damage control telephone circuit.

Mills described his greatest achievement was to assist in the successful landing of transport planes bearing the army of occupation to the Jap homeland, by giving hourly weather reports, while the Flint steamed off Nii Shima, an island 80 miles south of Tokyo.

He is married to Wilma Juanita McMillan of 6147-A Mission street, Daly City. His brother, Everett L., is in the Navy.

Need a Job? How About One of These

The launching of a drive to recruit Internal Revenue Agents and Deputy Collectors to aid in protecting the government interests against black market operators, racketeers, and every other kind of tax evader, has been opened by the Civil Service commission, it was announced recently by Harry T. Kranz, regional director of civil service in San Francisco.

The Bureau of Internal Revenue needs approximately 5,000 revenue agents and deputy collectors, and hopes to obtain many in this area. Preference will be given discharged servicemen and federal employees laid off from other agencies, Kranz pointed out. The new personnel will be required to carry on the treasury department's campaign against tax evaders.

Collector of Internal Revenue James G. Smyth of the First California District stressed the need for clerk-typists and business machine operators in the collector's office.

"Deputy collectors are also needed," Smyth said, "to aid and assist Internal Revenue agents in setting up cases against black market operators, racketeers, and other tax evaders. The main purpose behind this law enforcement drive is to protect the honest taxpayer and the government's interests against those seeking to evade federal tax laws."

Internal Revenue agents will receive $2,980, $3,640, $4,300, and $5,180 a year, depending upon education and experience. For the lowest grade position, completion of an acceptable accounting course will qualify an applicant. For higher positions, responsible experience in accounting is required. Agents will be given work in their home areas as far as possible.

Deputy collectors will start at $2,320 a year. Qualifications for deputy collectors are open for applicants whose business training or experience does not qualify them for revenue agents.

Applications for positions may be made to any office of the Civil Service commission, Kranz said, or the director of personnel, treasury department, Washington, 25, D. C. Information to servicemen is available at discharge centers.

Sports News For Local Fishing And Hunting Fans

Hunting and fishing conditions as compiled by the Outing Department of the National Automobile club:

Del Norte county—Good salmon fishing is reported on the Klamath river, and steelhead are being caught as far up as Orleans. Fly fishing is good in all streams. Hunters have killed a few bucks.

Humboldt county—Not many bucks came into this area the past week. There has been some rain, but the weather is still hot and dry. Deer take for the early part of the season is expected to be light. Many anglers out,

Siskiyou county reports the hills are full of deer hunters, but few deer killed.

Shasta county reports poor shooting.

Tehama county reports a light deer kill. There are a good many grouse above the timberline.

Placer county — Hunters have killed many bucks near Auburn and Colfax. Pheasants seem plentiful. Quail are scarce.

Lake county—Deer hunting is improving with cooler weather. Quail crop is good.

Mendocino county—Salmon were coming into Big River last week.

Sonoma county—Deer and doves are scarce. A few ducks are on Bodega Bay There is a good hatch of quail.

Napa county—Bass fishing is slow. Pheasants seem fairly plentiful.

San Joaquin county—Pheasant hunting will not be good in the Delta district, hunters say, Striped bass fishing fair near Boulder island.

Sacramento and Solano counties—A large crop of French frogs from 3 to 4 inches in length are reported in the sloughs and drain ditches of this area.

Amador county—Deer kill has been small. Many mountain quail.

Calaveras and Alpine counties—Alpine county east of the summit has had more deer hunters than in any previous year. Mountain quail are moving down and some large coveys have been noted recently. Fishermen are having fair luck in the East Carson and on Lake Alpine.

Tuolumne county—Deer hunting is slow in this area. Hunting has been difficult, as the woods were dry and noisy until the recent rain.

San Luis Obispo county—The outlook is not good for a very productive pigeon season.

Fresno County—The dry, hot weather has been a handicap to deer hunting, though deer seem plentiful. Hunting is fair in the Sierra Mountains, and is expected to improve with cooler weather.

Monterey county—Steelhead are in the bay and a few being taken by anglers. Big catches of sardines are reported. Many quail in the area.

Kings county—Fishing remains poor. Quite a good many ducks.

San Luis Obispo county—Pismo clams are difficult to get. Abalone boats are doing fairly well. Few albacore being taken. Beach seining seems to be about over.

Tulare county—Deer hunting was slow on opening. There are some deer reported in the Wet Meadows area. Hunting is expected to improve greatly later in the season. Fishing has been very good in the streams of the little Kern Basin.

Kern county — Prospects are good for a fine late deer hunting season. Hunting is already better than at the opening of the season.

Inyo and Mono counties—Deer hunting very successful in this area. Doves scarce.

San Bernardino county—Very few deer being killed in the back country. Bucks were still ranging high last week. A few does and fawns were ranging in the lower country. A few bucks were taken in the summit area and in the mountains above Phelan. Recent reports state that quail are still widely scattered, and prospects for quail shooting do not look promising on the desert. Trout fishing is practically at a standstill.

Los Angeles county—Hunters and take of deer are slowing up. More hunters are expected to move into the areas after the pack stock return to the upper areas.

Riverside county—Hunters report that deer hunting was good in this area considering the small amount of the district left open. A few quail and bandtail pigeons have been noted.

San Diego county—Fishing has been poor in Cuyamaca Lake. Water very low. Bucks scarce.

Soil Depletions

Almost 200,000 tons of potash are removed in crops each year and in return, the soils receive about 45,000 tons in manure and only 20,000 tons in commercial fertilizers. Annual needs of phosphoric acid have been estimated at about 140,000 tons; farmers return 30,000 tons in manure and add an extra 60,000 tons in commercial fertilizer. The deficit is no greater than before the war.

Good Haying

Because leaf color and percentage of leaves are important in hay quality, the best method of haying is the one which saves the most leaves and retains the green color.

Easily Grown

Kale is an easily grown vegetable, but it is one of those vegetables that unless you have been accustomed to it, you are likely to pass it by. Seeds that are sown in late April will start producing usable leaves in a couple of months. It can be planted until August 1, which will give you grand plants to use during the fall. Kale is hardy. If protected with corn stalks or straw to keep the rabbits off and shaded, it can be used all winter long.

Rayon Wash

Breaks that appear in rayon clothes after laundering may be the result of too strenuous twisting and wringing. Gentle squeezing is recommended because rayon is weak when wet.

Protein Shortage

In the Orient, there has been a shortage of proteins for generations.

Vanishing Equines

During the First World war farmers in this country had nearly 26,750,000 horses and mules. Now the number is down to less than half of that—down to less than 12,500,000. Of that 12,500,000 less than 9,000,000 are horses, and about 3,500,000 mules.

Explosive Ingredient

The sodium or chlorine of salt enters into the making of high explosives, ethylene, glycol, poisonous gases, sulfa drugs, aluminum, synthetic rubber, and tetraethyl lead for high octane gasoline.

MECHANICS WANTED

Preferably Ford. Permanent position.

GET NEW B.F.Goodrich Tubes

Not Rationed

Give your tires a new lease on life. Replace weak, patched, chafed, stretched tubes with new B. F. Goodrich tubes.

6.00-16 $3.65 PLUS TAX

FOR LONG TIRE LIFE!

DURECAP

Exclusive B. F. Goodrich Development Adds Extra Miles to Recapping!

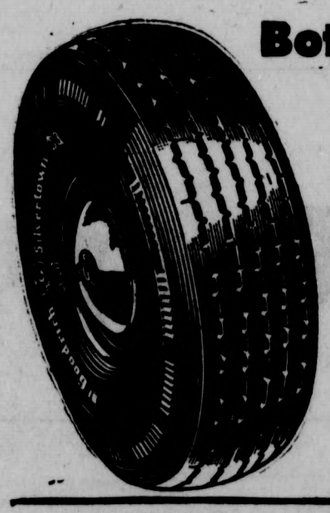

To put more miles in recapped tires, B. F. Goodrich developed DURECAP—another important *first* in B. F. Goodrich's 75 years of rubber leadership. Why is DURECAP better? Why do DURECAPPED tires wear longer? Because DURECAP is recapping *plus Duramin,* the exclusive B. F. Goodrich chemical compound that makes tread rubber tougher, more resilient—combats heat deterioration and wear.

That means more *life* in DURECAPPED treads—more ability to stand up and deliver. So don't delay. Don't let your tires get worn too far before recapping. And don't accept an ordinary recap. Get DURECAP—and *extra miles* of safe driving on specially designed non-skid treads. Ask us to check your tires today.

DURECAP COSTS NO MORE...ONLY $6.70 6.00—16

NOT RATIONED!

Don't say Recap : : : say DURECAP

Both will help your tires last until you can get NEW

B. F. Goodrich Silvertowns

Three years before any other company, B. F. Goodrich sold tires containing synthetic rubber to American car owners. These tires proved their worth in the now famous "80 million mile road test." Today B. F. Goodrich tires are rolling up billions of miles on the cars of essential drivers — lasting longer because of the *extra* experience in their making. When you *must* have a new tire, get B. F. Goodrich Silvertown.

One Day Carnival Is Slated For Lovchen Gardens

On Sunday, October 7, a great carnival will be held at Lovchen Gardens in Colma. Cub Pack No. 100 (Junior Boy Scouts) of the Bernal Heights district in San Francisco are presenting this carnival, and it will be featured by high class vaudeville throughout the day, as well as the usual concessions offering fine merchandise. The popular drum corps of this Cub Pack will be one of the star attractions for the day, and a P. A. by Les Vogel company will carry the program so that everyone will enjoy the attractive acts of the day.

John Schultz, cubmaster, and Michael Fahey, assistant, will direct the days' proceedings, and the program will be in charge of Charles F. Norton. Mrs. Senie Fahey and Mrs. Don Smith head of the committee of ladies who have worked very hard to make the carnival a success. George Tiedeman and Charles Rodriguez will be in charge of concessions.

Cub Pack No. 100 welcomes all friends from Daly City and the Excelsior District to come out and spend a fine October afternoon at Lovchen Gardens, and at the same time help a fine cause which is making fine American citizens.

Prevents Tarnishing

A light coating of clear nail polish put on the metal parts of a handbag when the bag is new will keep them from tarnishing.

Mr. and Mrs. Dodson Celebrate 25 Years Of Wedded Life

Mr. and Mrs. C. E. Dodson (Jeanne and Ted) 43 Vendome avenue entertained their friends at a turkey dinner on Saturday, September 29, on the occasion of their silver wedding anniversary.

They were married in 1920 at Saskatoon, Sask., Canada a year after Mr. Dodson returned from four years eoverseas service with the Canadian Army service corps in World War I.

Their many friends in Canada as well as in America wish them continued happiness.

The couple proudly claim American citizenship for many years.

Keep Hunters on Ground

New York's Governor Dewey has signed a bill which prohibits New York hunters from using aircraft to hunt deer. This legislation was the result of protests by western New York sportsmen over use of a plane by a group of hunters last fall to spot deer concentrations.
